

Sakgames.com

Sak Games is a freelance studio producing small games customized to order.

Sak Games provides an affordable way to see your idea given form. Prototypes and products are provided quickly, providing opportunity to refine and improve upon your concepts. Then when you're ready to create a full game of your idea, you can take our prototype to studios, including our own, to produce as a full finished product.

Persona 1: Student with a brilliant game idea

Persona 2: Studio looking to rapid prototype

Persona 3: Friends looking for a simple game to play themselves
